PRESS CLIPPINGS.

Owing to lack of birds of her
feather, England continues to flock
by herself.—Washington Post.

The powers may think they are
being firm with Turkey, but it
seems to be chiefly an exhibition
of infirmity.—Chicago Tribune.

Does any one suppose that Tam
many is not going to put up one
of her old time fights when a pa-
tronage of about 60,000 offices
hangs on the result?—Indianapo-
lis News.

That western capitalist who
went insane on a fast express train
must have been in a hurry. Other
men prefer slower travel when
that is the destination.—New
York Express.

Chicago children are not per-
mitted to sing Gospel hymns in
her parks without a permit.
There is no objection, however, to
their singing "Mistah Johnson,"
"Out Me Loose," or any other old
thing.—Chicago News.

Smoke may contribute to clouds,
so that it's not at present deter-
minable how much Russian and
France smoking the pipe of peace
may contribute to Europe's well
known war cloud.—Philadelphia
Times.

Tom Watson asks pathetically:
"What's the matter with the po-
pulist party?" We don't know
what the trouble may be in Geor-
gia, but out this way populism
has been struck below the wheat
belt.—San Francisco Chronicle.

If the figures that are furnished
showing the world's crop of
cereals are accurate farmers need
not rush their wheat to market.
It will be worth good money when
over they may choose to sell any
time before the next crop.—
Augusta Chronicle.

Weyler is about to issue another
proclamation declaring that the
western provinces of Cuba are paci-
fied. That is, he will do so provid-
ed the revolutionists in those dis-
tricts permit him to rest long
enough to write it.—New York
Mail.

In one tent at the state fair a
bouchee-couchee dance is given.
In another the Woman's Christian
Temperance Union is holding
meetings. The competition has
been keen, but alas for human na-
ture, the impropriety from Cairo
has come out ahead. 'Tis ever
thus.—New York Sun.

There is an inspiration to study
law as long as there are steady
old money getters to leave big for-
tunes for heirs to fight over and
this opens up a long and pleasing
vista. The attorneys in the Davis
case in Minnesota got about \$5,
000,000 before the legatees got any.
—Louisville Courier-Journal.

A wicked compositor made a
western writer say that a Utah
husband had gone down to Mexico
for the purpose of adding another
wife to his "menagerie." What
the chronicler meant to say was
"manage," but it was all right,
because when the new spouse
took her place the biggest kind
of a circus was inaugurated.—
New York Mail and Express.

"Everybody enjoys the best of

osopher, "it's the worst of health
that bothers us."

The Augusta, Ga., Evening

other hurtful drug. The name is
Norman's Neutralizing Cordial.

Ourren. The 25 and 50 cent sizes for

The bicycle skate is the latest
fad. It has wheels with pneu-
matic tires and ball-bearing axles,
and can be used on any ordinary
road, preferably on asphalt.

The former treasurer of Madison
Co., Ga., Mr. J. E. Gordon, says:
Norman's Neutralizing Cordial
outsells anything in his store,
sugar and coffee not excepted. It
is the most valuable family medi-
cine on the market. Especially
adapted to children and old per-
sons, 25 and 50c. Mr. B. Hake,

flatteringly of Norman's Indian

been subject to attacks of bilious
colic for several years. Chamber-
lain's Colic, Cholera and Diarrhoea

It is said that a raw egg swal-
lowed at once when a fish bone is
caught in the throat beyond the
reach of the finger will dislodge
the bone and carry it down.

No Cure, No Pay.
That is the way all druggists sell
Groves' Tasteless Chill Tonic for
Chill and Malaria. It is simply
Iron and Quinine in a tasteless
form. Children love it. Adults
prefer it to bitter, nauseating Ton-
ics. Price, 50c.

Ladies Who Suffer

From any complaint peculiar
to their sex—such as Profuse, Pain-
ful, Suppressed or Irregular Men-
struation, are soon restored to
health by

Bradfield's Female Regulator.

It is a combination of remedial
agents which have been used with
the greatest success for more than
25 years, and known to act specifi-
cally with and on the organs of
Menstruation, and
recommended for
such complaints
only. It never fails
to give relief and
restore the health
of the suffering
woman. It should
be taken by the
girl just budding
into womanhood
when Menstrua-
tion is scant, sup-
pressed, irregular
or painful, and
all delicate women should use it,
as its tonic properties have a won-
derful influence in toning up and
strengthening the system by driv-
ing through the proper channels
all impurities.

"A daughter of one of my customers missed
menstruation from exposure and cold, and on
arriving at puberty her health was completely
wrecked, until she was twenty-four years of
age, when upon my recommendation, she used
one bottle of Bradfield's Female Regulator, com-
pletely restoring her to health."
